***Advanced:** Partners with an advanced competency tier show the progression of their SAP practice in the specific competency. Working with one of these partners means access to more certified consultants, platform integration capabilities, and a higher number of successfully delivered projects demonstrating a deeper level of proven customer success.

****Essential:** Partners at the essential competency tier have met the training and delivery requirements to achieve at least one of the SAP product and/or process specializations. This gives customers the confidence that the partner has the necessary level of maturity and has demonstrated customer success through successful project delivery.

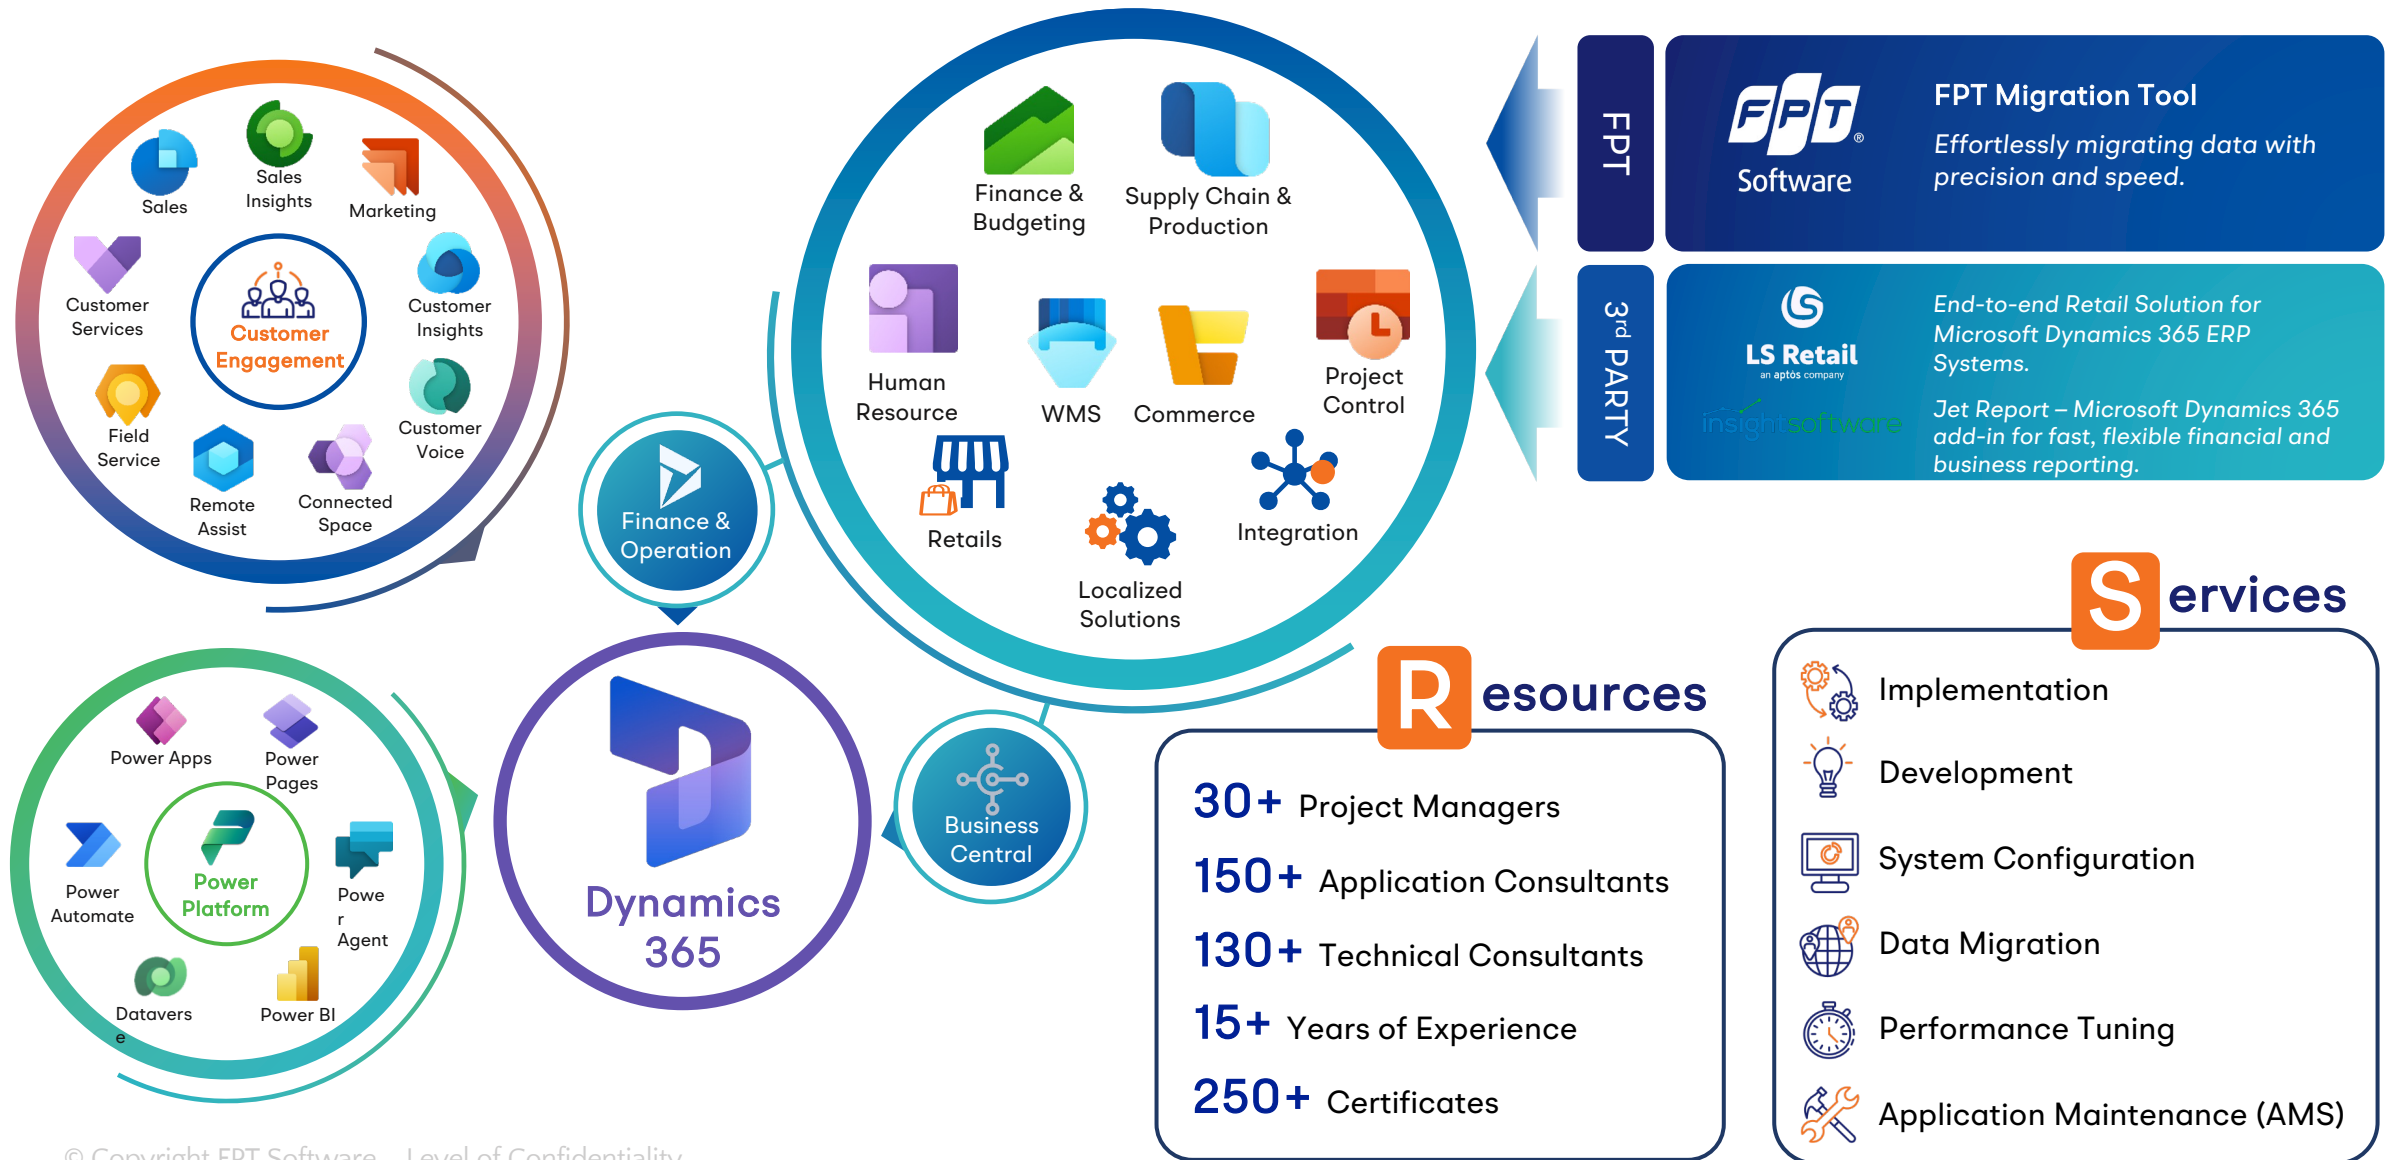

The logo for EBS ERP DNM SERVICES. It features a stylized 'd' icon in a blue and red gradient, followed by 'EBS ERP' in a smaller font, 'DNM' in a large, bold blue font, and 'SERVICES' in a large, white, sans-serif font. The entire logo is enclosed in a rounded rectangular border with a red and blue gradient.

EBS ERP DNM SERVICES

Microsoft Dynamics 365 has taken a new approach to manage business functions including Sales, Customer Service, Finance, Field Service, Operations, and Marketing, with the CRM and ERP that work seamlessly together.

Implementation of Dynamics 365 unifies your current CRM and ERP cloud solutions into one cloud service with new purpose-built apps, Dynamics is weighing in a massive value package to its business applications.

MICROSOFT DYNAMICS 365 SERVICE PORTFOLIO

PARTNERSHIP WITH MICROSOFT

 Microsoft Solutions Partner Business Applications	 Microsoft Solutions Partner Data & AI Azure	 Microsoft Solutions Partner Security	 Microsoft Solutions Partner Digital & App Innovation Azure	 Microsoft Solutions Partner Infrastructure Azure
