

QaiDora Sales Assistant

Co-intelligence:
AI Assistant that Grows with You

Are you looking for an all-in-one solution for your organization?

The **QaiDora Sales Assistant** Platform is the answer—with an intelligent virtual assistant ecosystem tailored for each industry. All your needs are integrated into a single platform—delivering optimal solutions for every business scenario.

Why choose us?

Reduce document processing time

Automate administrative tasks

Increase work productivity

Deep Intelligence

Industry-specialized AI assistants with expert knowledge, continuously updated from reliable sources 24/7—offering an exceptional user experience.

Full Integration

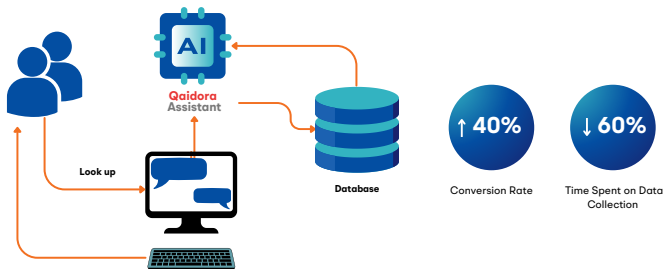

Seamlessly integrates with platforms like Google and Microsoft. Real-time data sync ensures security aligned with ISO 27001 standards.

Personalized Experience

Reduces sales staff workload and improves customer experience. Collected data supports analytics and reporting on businesses and prospects.

OPTIMIZING THE SALES CYCLE FOR BANKING

Bank sales staff are facing challenges in identifying potential customers and selecting suitable products. At the same time, they lack necessary tools for collecting and analyzing business information. Therefore, there is an urgent need for a solution that helps optimize the sales process, increase conversion rates, and improve work efficiency.

- Recommend potential customers
- Suggest suitable products based on customer profiles
- Automatically extract and return business information from images
- Collect and return business data from the internet
- Automatically generate and return reports

Helps reduce workload for sales staff, enhancing customer experience at banks.

Collected data can be used for analytics and reporting related to enterprises and potential customers.
